

VK4GHZ Nexion for K3NG Rotator Controller

3.5" Nexion Image Table

When adding images into this Nexion HMI project, the images MUST be imported so they are correctly referenced to their designated image id number.

Import them in the following order, and/or use the Editors up/down arrows to move them into the correct slots.

Image id	Image	Width (px)	Height (px)	Description
0		480	320	Splash Screen
1		75	65	Button CCW
2		75	65	Button CCW - Highlight
3		75	65	Button CW
4		75	65	Button CW - Highlight
5		75	65	Button Down

VK4GHZ Nextion for K3NG Rotator Controller

3.5" Nextion Image Table

When adding images into this Nextion HMI project, the images MUST be imported so they are correctly referenced to their designated image id number.

Import them in the following order, and/or use the Editors up/down arrows to move them into the correct slots.

Image id	Image	Width (px)	Height (px)	Description
6		75	65	Button Down - Highlight
7		75	65	Button Up
8		75	65	Button Up - Highlight
9		75	65	Button Stop
10		75	65	Button Stop - Highlight
11		75	65	Icon Sun

VK4GHZ Nextion for K3NG Rotator Controller

3.5" Nextion Image Table

When adding images into this Nextion HMI project, the images MUST be imported so they are correctly referenced to their designated image id number.

Import them in the following order, and/or use the Editors up/down arrows to move them into the correct slots.

Image id	Image	Width (px)	Height (px)	Description
12		75	65	Icon Sun Track
13		75	65	Icon Sun Dulled
